Mohammed Munthasir

INTERN|FRONT-END Software engineer

To secure a front-end software engineer internship where I can apply my technical skills and passion for web development to contribute to creating user-friendly and visually appealing interfaces. Gain hands-on experience building responsive and interactive web applications in a collaborative, innovative environment. Enhance knowledge of front-end technologies and problem-solving abilities for a successful career as a front-end software engineer

SkIlls

Programming Languages

- Python

Front End

- HTML
- CSS, Chakra UI
- Javascript
- React JS
- Redux

Back End

- NodeJS
- Firebase

Database

- MySQL
- Firebase

Others

- OOP concepts
- Responsive Design
- UI/UX Skills
- Wix, Canva
- VS Code

Education history

○ **2023 - present Year**
BSc (Hons) In Business Information Systems University of Westminster, UK
Informatics Institute of Technology, Sri Lanka (IIT)

G.C.E Advanced Level Examination (2022) and G.C.E Ordinary Level Examination (2018)

Baduriya National School, Mawanella(English Medium)

○ Experience in Projects

DISNEYPLUS web application
Individual Project

- I led the development of a Disney clone web application, leveraging my skills in ReactJS, Redux Toolkit, Firebase (database and hosting), and JavaScript. This mobile-responsive application aimed to recreate the magic of Disney's online presence while maintaining a seamless user experience.

  DISNEYPLUS-CLONE-APP

SWISS web development
1st-year Group Project

- Within the SWISS group project, I played a pivotal role as a Frontend Developer and Content Creator. Our project was centered around the development of a comprehensive travel website dedicated to Switzerland, showcasing its scenic beauty and tourist attractions. My primary responsibilities included designing the gallery page and curating detailed content for the captivating destination of Lucerne.

- TECHNOLOGIES USED - HTML,CSS,JAVASCRIPT

GPT-3 - PROJECT

- The GPT3 project focused on refining and upgrading user interface building skills. The initiative aimed to expand mobile responsiveness within the application, underscoring the significance of adapting to various screen sizes and devices.
- TECHNOLOGIES USED - REACT.JS, JSX, CSS, FIGMA, FIREBASE

  GPT3--UI

HOO BANK - PROJECT

- **HOO BANK is a user interface for a banking application. The primary objective was to design a highly intuitive and responsive front-end system for optimal user interaction. Notably, the project exclusively entailed front-end development without involvement in backend operations.**
- **TECHNOLOGIES USED - REACT.JS, JSX, TAILWIND-CSS, FIGMA, VITE + REACT, FIREBASE - HOSTING**

HOO-BANK

SHANGRI-LA - PROJECT

- **Developed a mobile-responsive user interface specifically tailored for a restaurant environment. Focused solely on front-end design, emphasizing intuitive user interaction. Played a key role in crafting an engaging interface for diverse screen sizes.**
- **TECHNOLOGIES USED - REACT.JS, JSX, CSS, FIGMA, FIREBASE - HOSTING**

SHANGRI-LA

○ **Related** Courses

- **Completed the University of Moratuwa's online PYTHON programming language course.**
- **Completed LinkedIn Python Essential Training course.**
- **Completed Cisco Net Academy's online Introduction to Cybersecurity course.**
- **Completed LinkedIn MySQL Essential Training course.**
- **Completed Programming Foundations: Software Testing Quality Assurance on LinkedIn Learning.**

○ **Certifications**

- **ReactJS Tutorial: Great Learning Academy**
- **Software Testing- Great Learning Acadamy, Allison**
- **Javascript Essentials 1 - Cisco Networking Acadamy**
- **Python Beginner - University of Morattuwa (UOM)**
- **Introduction to Cybersecurity - Cisco Networking Acadamy**

○ **Extracurricular Activities & Achievements**

- **Played for Sri Lankan National football team pool at the age of 16.**
- **School football captain since grade 7 to A/levels**
- **Provincial level football champions on 2016,2017 and 2019.**
- **All island level football quarter finalists in 2016.**
- **District Level Long jump 2nd Place - 2016.**
